KPMG

Who we are

You have the opportunity to be part of the most wanted Big4 to work for! That's right, you can find us in 'The 2017 Most Desired Employers Survey' powered by Catalyst and in the 'Best Companies to Work for' list, issued by Fortune.com.

As well as this, you will be offered amazing professional challenges, excellent chances to test your academic knowledge, invaluable industry understanding and on-the-job learning from our experts as well as adventurous career possibilities. Your benefits and your career path can be flexible to match your own priorities.

If you decide to join us, we will do our best to support you in achieving your full potential and help you to be part of our high performance culture.

Job title: Consultant - Governance, Risk & Reporting

This is an entry-level position in our Governance, Risk & Reporting team. We are looking for young graduates in Finance or Economics who are interested in developing their expertise in one or more of the following areas: risk management, corporate governance and internal control frameworks, prudential and regulatory reporting, regulatory compliance. We mainly work with financial institutions such as banks, insurance companies, investment funds and much of our work consist of providing advice and insights into how such institutions can comply with various regulations in their day to day business activities and at the same time grow and enhance their shareholder value.

As part of our team, you will be involved in a diversified range of advisory projects and your work will initially consist of supporting team members as they deliver solutions to our clients in the specified areas. Main responsibilities will include:

- Assuming indicated roles in advisory projects
- Collecting and analyzing data, reports and documentation
- Assisting the team in preparing reports and presentations for clients
- Liaising with current and potential clients at a technical level
- Understanding key client issues in order to help identify the right solutions
- Supporting development of new offerings we can take to clients.

Requirements

- Degree in Finance or Economics
- Ability to communicate accurately and efficiently in English – advanced level
- Strong knowledge and experience of standard office IT applications (e.g. Word, PowerPoint, Excel)
- Strong analytical skills
- Ability to successfully prioritize and handle multiple tasks
- Excellent interpersonal and communication skills
- Self-motivated person, eager to acquire experience and build a career in a professional environment and with a strong team work spirit.

Why KPMG?

At KPMG we place significant emphasis on our employees and their well-being, with a focus on their career development through a wide range of professional & personal development programs. We champion a vision of 'Clear Choice.' This means that we always want to be The Clear Choice, with people who are extraordinary, with clients who see a difference in us and with trust from the public. We find Technology as a challenge and a source of strength, and therefore within KPMG Romania we explore new approaches to digital transformation and innovation. KPMG offers you the opportunity to expand your global networks, and work with KPMG team members from different cultures, languages and professional backgrounds. If you want to see a different range of work environments and discover what makes a business tick; if you have an analytical mind and great communication skills then a career with us might be The Clear Choice for you.
